CTM

Big savings. More style.

Jan 2012

First things first. Be sure to take the details of your sales assistant so you can get back with any further questions or requests.

YOUR SALES ASSISTANT'S NAME:

TEL:

Everything you need for tiling

Before you start choosing your tiles, consider a few practicalities:
Are you going to be tiling indoors or outdoors i.e. will you need non-slip tiles for outdoor safety? Please be aware that non-slip tiles are difficult to keep clean! Always purchase 15% extra tiles, in case of breakages etc. You can always return unused boxes. Speak to your sales assistant for practical advice.

Everything you need to install a bathroom

Consider a few practicalities when embarking on a bathroom project:
Would a corner bath save space in your bathroom? What sort of shower door would best suit your space requirements? Or would a shower screen with your bath save even more space with a two-in-one option? Speak to your sales assistant for practical advice.
